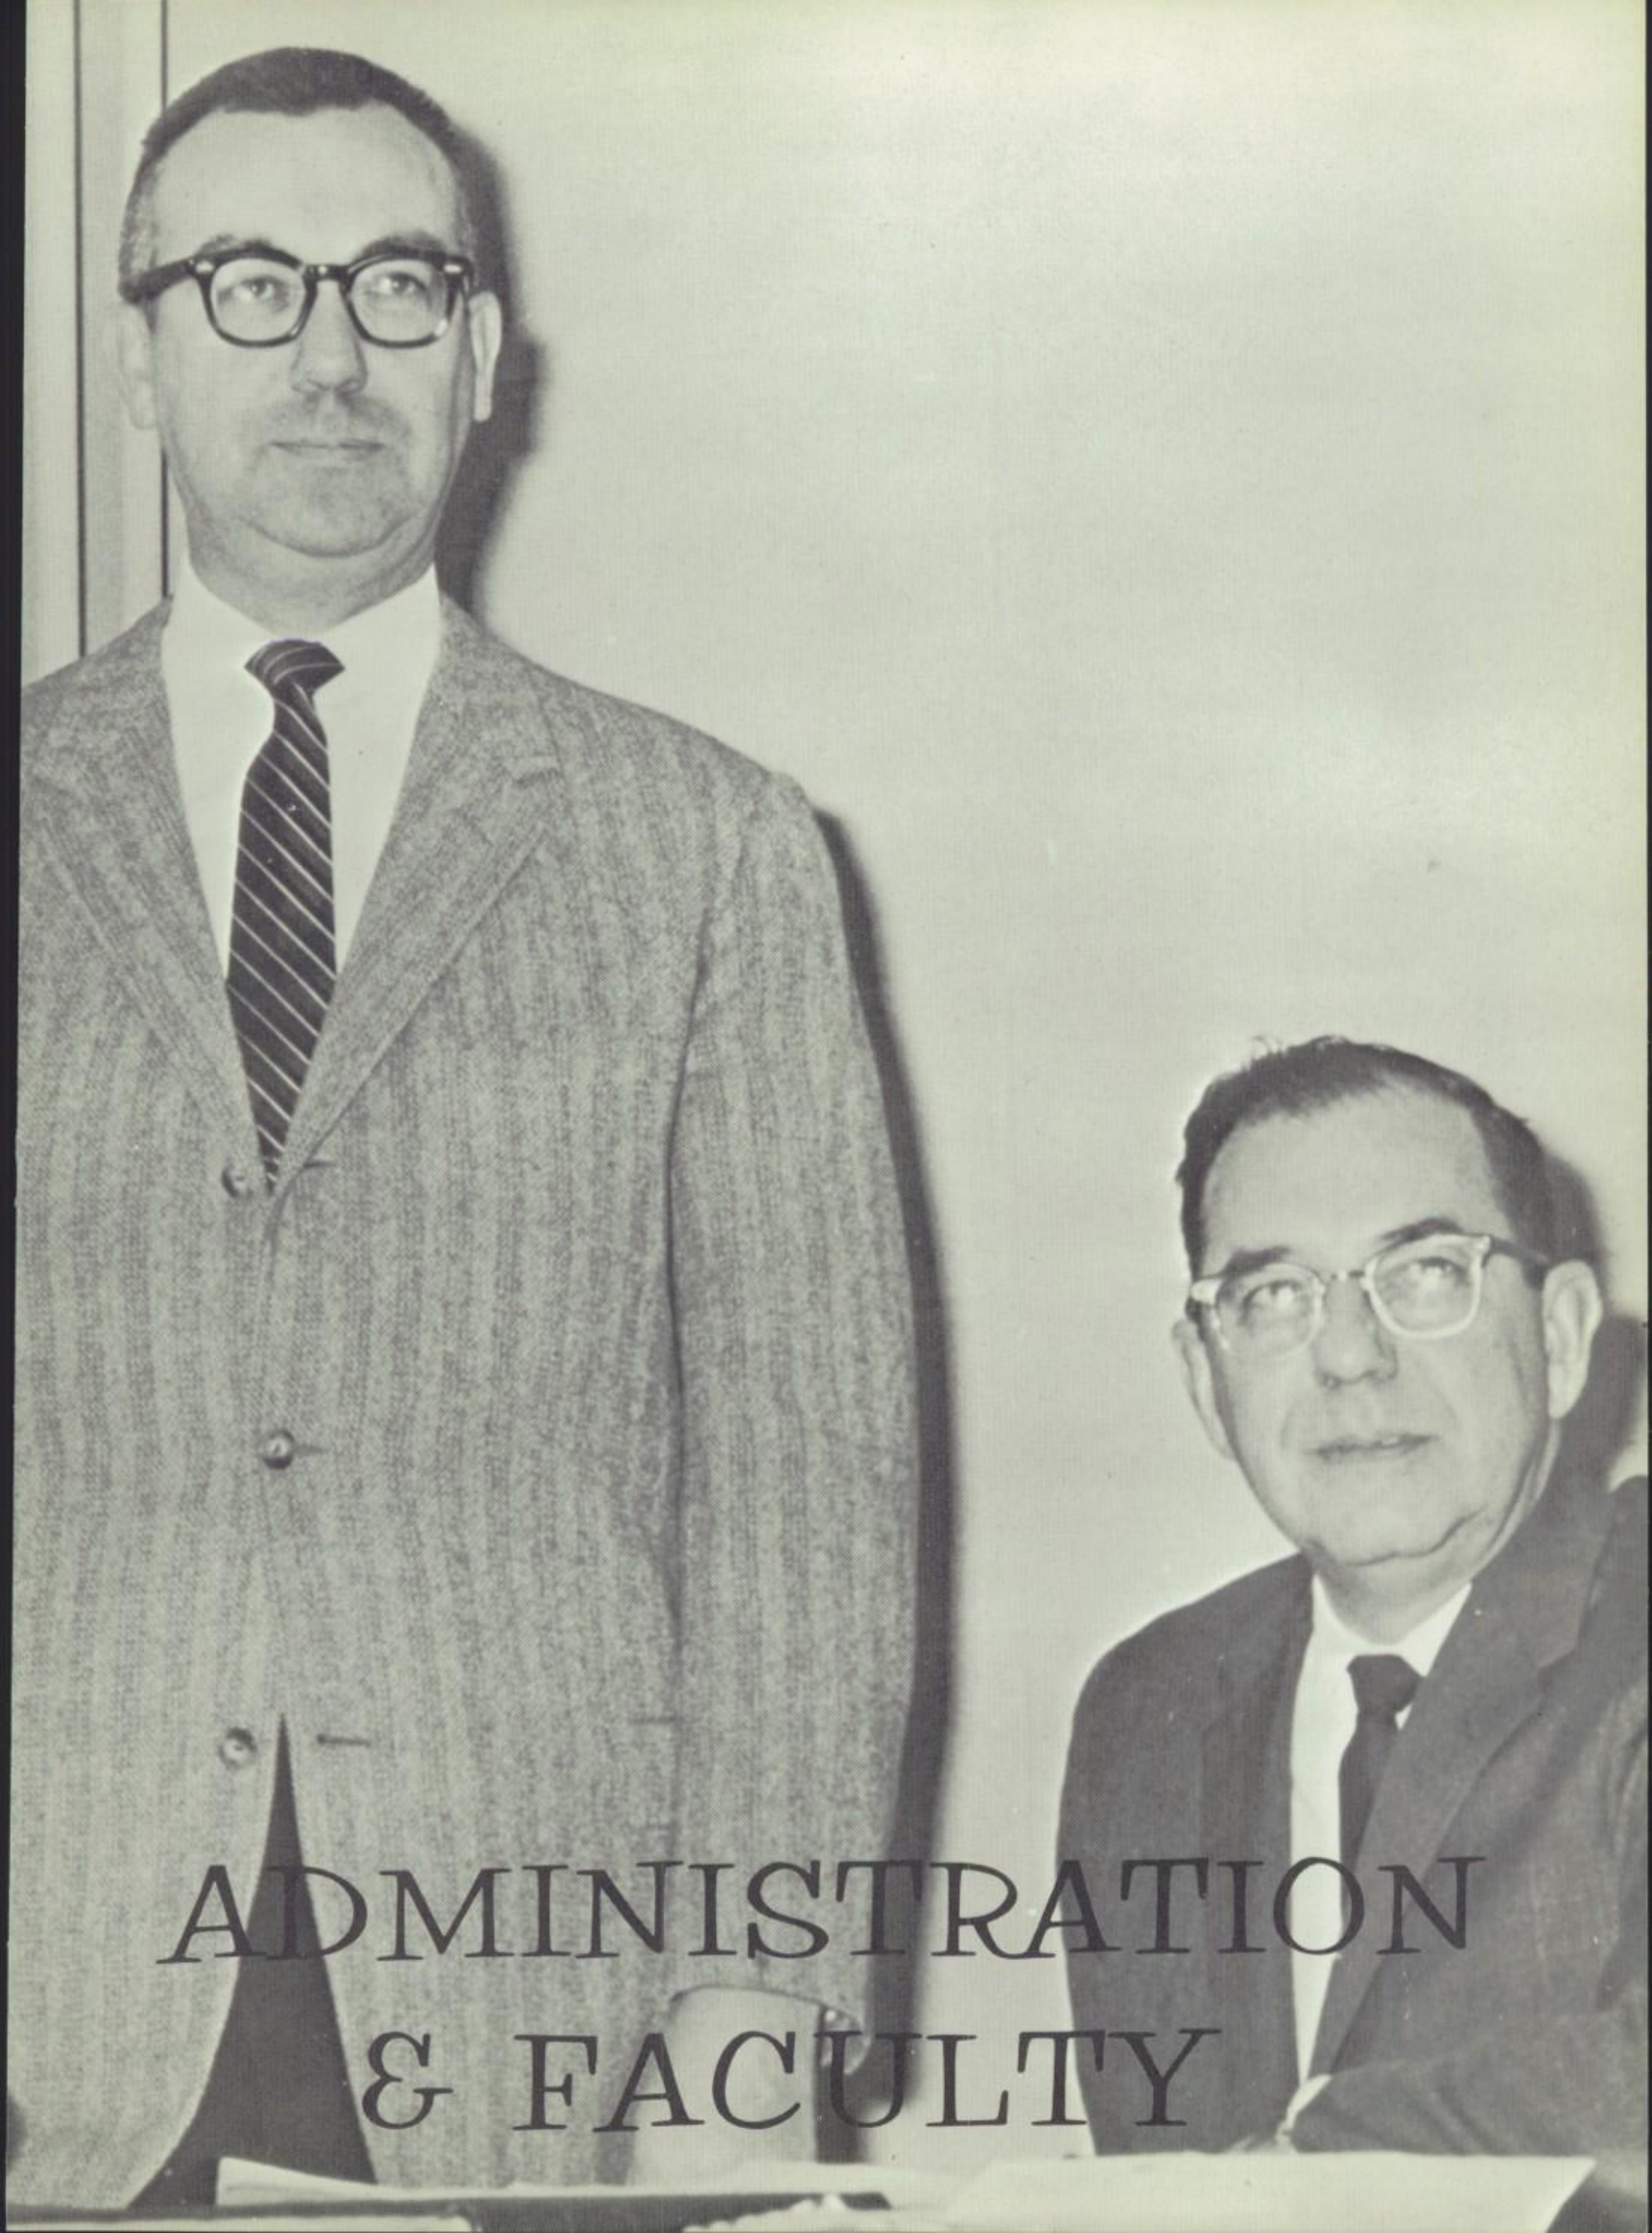
1963 EXODUS

EXODUS

DEDICATION

We are proud to dedicate this yearbook to a person we especially feel has guided our class through its high school years. Thank you, Mr. Marston, for all your personal interest and help.



ADMINISTRATION & FACULTY

To the members of the class of 1963:

Congratulations to each of you as you graduate!

The future holds many things in store for you. Sucess and happiness come usually to the individual who is willing and able to make the most of opportunities as they unfold. Further education--formal and informal--should provide the best means of shaping a happy and useful existence for each of you.

As alumni, you now join with all other graduates in demonstrating the real value of New London High School. I am confident that your accomplishments will further justify our faith in you and serve to further strengthen the good name of your school.

Cordially,

GORDON B. FLINT
Superintendent of Schools

To the members of the class of 1963:

Your days as active members of New London High School are nearly over and you will soon become alumni of the school.

As you think back on these past four years you may wish you had done many things differently, but if you will use these years as guide posts you will realize that it is possible to profit from the past.

Whatever you do in the future, never become satisfied with what you have already done but continue to try to improve yourself. In this way you will be moving in the right direction.

The faculty joins me in congratulating you on your achievement thus far and in wishing you success in the future.

Sincerely yours,

ROBERT J. LIVINGSTON
